## EDUCATION

### Bachelor of Computer Engineering

LDRP Institute of Technology and Research

2020-2024

CPI-8.38

## SKILLS

Languages	HTML, CSS, JavaScript, PHP, C, C++, Java, Data Structures and Algorithms (DSA)
Frameworks	ReactJS, NextJS, NodeJS, ExpressJS
Tools	VS Code, Git (version control)
Platforms	MongoDB, Firebase, Vercel
Soft Skills	Communication, Team-player, Problem-solver, Time management, Adaptability, Leadership
Coursework	Operating System, Computer Network, DBMS, Data Analysis and Algorithms, Cyber Security

## EXPERIENCE

### Tatvasoft

May 2023 - Jun 2023

Web Development Internship

- Created and deployed a React.js-based bookstore web app.
- Integrated Material UI and Axios to streamline external API integration, improving data retrieval and handling.
- Project link: [tatvasoft-abhi.vercel.app](https://tatvasoft-abhi.vercel.app)

### The Special Character

Apr 2023 - May 2023

Web Development Intern

- Created a responsive modal component with React and "react-modal" in a Next.js environment.
- Collaborated in an Agile environment to meet project deadlines, enhancing user engagement with polished UI.
- Proficient in React, Tailwind CSS, Git version control, and UI design principles.

### OCC Edusoft

Mar 2022 - Jul 2022

Web Development Intern

- Designed and implemented a secure signup/sign-in system with email authentication using HTML, CSS, JavaScript, and PHP, backed by PHPMyAdmin (MySQL Database).
- Managed the company website and client projects, prioritizing security and functionality, with rigorous testing to ensure a seamless user experience and issue resolution.

## PROJECTS

### ChatWhiz (Full Stack Real Time Chat Application)

**Technology Used:-** React , MongoDB , Express, Nodejs , Web Socket server

- RESTful APIs for authentication, message delivery, and chat room management.
- MongoDB used for chat message and user data storage.
- WebSocket integration for real-time communication, enabling instant messaging and live user updates.
- project link: [github.com/abhipatel0211/ChatWhiz.git](https://github.com/abhipatel0211/ChatWhiz.git)

### Complete Tour Management Website with admin dashboard

**Technology Used :-** HTML, CSS, JavaScript, PHP , PHPMyAdmin (MySQL database)

- Developed a tour booking website that lets users customize tour packages.
- Utilized HTML, CSS, JavaScript for the front-end, and PHP for the backend.
- Implemented smooth payment processing and booking confirmation.
- project link: [github.com/abhipatel0211/Tour-Management-System](https://github.com/abhipatel0211/Tour-Management-System)

## ACHIEVEMENTS

- State-level Hackathon winner (Azadi Ka Amrit Mahotsav Hackathon)
- Achieved a Bronze Medal in the International Cyber Olympiad.
